See next slide.

# CONFIRM VIA EMAIL

The screenshot shows the CORA login interface. At the top left is the CORA logo. A green notification bar at the top contains the text: "First step is now completed. Next, you must verify your email address by following the link that you will receive by email." Below this is a login form with a grey user icon placeholder, an "Email" input field, a "Password" input field, and a blue "Login" button with a right-pointing arrow. At the bottom right of the form area, there are two links: "Click here to reset your password" and "Click here to apply for access". The footer of the page reads "© Ericsson 2015".

First step is now completed.  
Check your mailbox for confirmation of your email address

# CONFIRM ACCESS REQUEST

Hello,

A CORA account has been requested for this email; please confirm this request by clicking the link below. If you have not requested an account no action is needed and you can delete this email.

Kind regards,

License Handling Team

This email was sent using the CakePHP Framework, <http://cakephp.org>.

EXAMPLE

3. Click on the link to confirm your email address.  
This is required in order to complete the account request.

# WAIT FOR APPROVAL

The screenshot shows the CORA login interface. At the top left is the CORA logo. A green notification bar at the top contains the text: "Email successfully verified. Please wait for approval." Below this is a login form with a grey user icon placeholder, an "Email" input field, a "Password" input field, and a blue "Login" button with a right-pointing arrow. At the bottom right of the form area, there are two links: "Click here to reset your password" and "Click here to apply for access".

Your email address is successfully verified. Please wait for approval.

# APPROVED OR REJECTED

If access is **approved** you will receive the following email and can start to use CORA. The **link to CORA is provided** in the email:

Hello,

Welcome to CORA!

To login you use the email address and password you provided when requesting access.

<http://test.cora-request.com/>

Kind regards,

License Handling Team

This email was sent using the CakePHP Framework, <http://cakephp.org>.

---

If access is **rejected** you will receive the following email:

Hello,

Your request to access CORA has been rejected as we have not been able to verify your need for access. In case of doubts please contact the Regional License Manager (RLM).

Kind regards,

License Handling Team

This email was sent using the CakePHP Framework, <http://cakephp.org>.
